Starkus Solid Resilient Tires

SUSTAINABLE REINFORCED COMPOUND

MULTI FUNCTIONAL

Multi Functional :

Super reinforced compound with excellent cut and rolling resistance. Reduces chunking and cutting on rough and jagged surfaces.

ANTI STATIC

Anti Static :

Specialized black compound to enhance safety in amammable and explosive environments. This compound discharges electricity and avoids spark generation.

PRIME REINFORCEMENT

Prime Reinforcement :

Wide tread and maximum volume of the wear resistance coumpound for extra mileage and shock absorbency and enhanced driver comfort.

HEAT RESISTANCE

Heat Resistance :

Continuous operation ensured by low build-up structure compound. Super premium compound designed to resist the high ambient temperatures.

NON MARKING

Non Marking :

A premium compound designed to keep oors free of carbon black even under continuous utilization
